Recognizing and respecting the unequaled excellence in the mark of the CPAN® and CAPA® credential, perianesthesia nurses will seek it, managers will require it, employers will support it, and the public will demand it.

Organizational Values Provide The Context For All We Do

Excellence
Promotion of excellence in perianesthesia patient care is the driving force behind ABPANC’s existence, contributing to quality patient care.

Integrity
ABPANC values integrity as a commitment to a fair certification process.

Innovation
ABPANC values innovation as an integral part of continual learning, development and improvement within our sphere of influence.

Dedication
Dedication is reflected in our celebration of perianesthesia nursing and the certified perianesthesia nurse.

Mission
ABPANC’s mission is to assure a certification process for perianesthesia nurses that validates knowledge gained through professional education and experience, ultimately promoting quality patient care.

The mission is driven by:

• ABPANC’s commitment to professional practice and advocating the value of certification to health care decision-makers and the public;

• The ongoing administration of valid, reliable and fair certification programs;

• Ongoing collaboration with ASPAN and other specialty organizations;

• Evolving psychometric and technological advances in testing; and

• Legal and regulatory standards.

Checklist For Recertifying Through Continual Learning Program | Inside Back Cover
Registered nurses who have not achieved CPAN® and/or CAPA® certification status, or whose certification status has lapsed, are not authorized to use these credentials. To keep their certification status current, individuals must recertify every three years, either by re-examination or by contact hours through ABPANC’s Continual Learning Program. See the sections on Length of Certification Period and Options for Recertifying in this Handbook for more information.

RECOGNITION OF CERTIFICATION
Individuals who successfully complete the CPAN® and/or CAPA® initial certification examination and who successfully recertify, either by re-examination or through ABPANC’s Continual Learning Program, may use the CPAN® and/or CAPA® credentials after the RN licensing credential as follows:

Becky Smith, RN, CPAN® or Robert Jones, BSN, RN, CAPA®

Each certified individual is issued a wallet identification card and wall certificate recognizing CPAN® or CAPA® certification status.

A listing of current CPAN® and CAPA® certified nurses is maintained by ABPANC and may be reported on its website and in publications.

THE AMERICAN BOARD OF PERIANESTHESIA NURSING CERTIFICATION, INC. (ABPANC)
The American Board of Perianesthesia Nursing Certification, Inc. (ABPANC) is a non-profit corporation that was established in 1985 for the purpose of sponsoring specialty nursing certification programs for nurses caring for perianesthesia patients.

DEFINITION OF CERTIFICATION
ABPANC has adopted the following definition of certification as defined by the American Board of Nursing Specialties: Certification is the formal recognition of the specialized knowledge, skills, and experience demonstrated by the achievement of standards identified by a nursing specialty to promote optimal health outcomes (www.nursingcertification.org).

Most importantly, certification exists to protect the public. Maintaining an active certification status through recertification is the way in which certified professionals demonstrate to the public that they have current and up-to-date knowledge and experience.

CPAN® AND CAPA® CREDENTIALS
The CPAN® and CAPA® credentials, granted to qualified registered nurses by ABPANC, are federally registered certification marks and are protected by law. The initials CPAN® stand for Certified Post Anesthesia Nurse and the initials CAPA® stand for Certified Ambulatory Perianesthesia Nurse.
BENEFITS OF CERTIFICATION

CPAN® and CAPA® certification, nationally recognized in scope, validates the perianesthesia nurse’s specialized knowledge and experience, thereby promoting quality patient care. Certified nurses are viewed as leaders, mentors and role models in perianesthesia nursing. Studying for and/or maintaining CPAN® or CAPA® certification keeps you up-to-date on the latest developments in your specialty and demonstrates your commitment to lifelong learning. The CPAN® and CAPA® certification designations are a visible reminder to patients, their loved ones, your peers and co-workers, and other members of the healthcare team, of the certified perianesthesia nurse’s significant professional achievement.

SPONSORSHIP/ADMINISTRATION

The CPAN® and CAPA® certification programs are sponsored by ABPANC. To assist with the development and administration of the CPAN® and CAPA® exams, ABPANC contracts with Professional Examination Service (ProExam). CPAN® and CAPA® exams are delivered by computer at hundreds of Prometric test centers throughout the US. Contact information for ABPANC, ProExam and Prometric is listed on the inside front cover.

ABSNC ACCREDITATION

Both the CPAN® and CAPA® certification programs are accredited by the Accreditation Board for Specialty Nursing Certification (ABSNC), formerly known as the ABNS Accreditation Council. Accreditation status is granted for five years. ABSNC is the standard setting body for specialty nursing certification programs and offers a stringent and comprehensive accreditation process. ABPANC provided extensive documentation demonstrating that it has met the 18 ABSNC standards of quality.

For individuals who are interested in becoming CPAN® and/or CAPA® certified or those already certified, ABSNC accreditation means that a nationally recognized accrediting body has determined that the CPAN® and CAPA® certification programs are based on a valid and reliable testing process and that the processes in place to develop, administer and score the examinations, as well as the recertification program’s requirements meet or exceed the standards of the certification industry from a legal, regulatory and association management perspective.

For further information about ABSNC and the accreditation process and standards, visit their website at www.nursingcertification.org.
PROFESSIONAL MEMBERSHIP

Professional membership in any association or organization, including the American Society of Perianesthesia Nurses (ASPN), is not required to participate in the CPAN® and/or CAPA® certification programs. However, ABPANC offers discounted examination and recertification fees to individuals who are ASPAN members. In order to receive the ASPAN member discount, you must already be an ASPAN member and provide a current and valid ASPAN membership number when you apply online to recertify either through re-examination or through ABPANC’s Continual Learning Program (contact hours).

If you have a question regarding ASPAN membership or programs, call ASPAN at 1-877-737-9696, email aspan@aspan.org, or visit their website at www.aspan.org. ABPANC, a separate and distinct organization from ASPAN, does not have information about membership. ASPAN is your source for information about your specific membership, its many member benefits and programs. Any issues or questions related to the CPAN® and/or CAPA® certification/recertification programs should be directed to ABPANC, not ASPAN.

GENERAL ABPANC POLICIES

Submission of an online recertification application attests that you have read this Handbook thoroughly and agree to be bound by all policies and procedures described here.

NONDISCRIMINATION

It is the policy of ABPANC that no individual shall be excluded from the opportunity to participate in the ABPANC certification program on the basis of age, sex, race, religion, national origin, ethnic origin, disability, marital status, sexual orientation, and gender identity.

REINSTATEMENT AND REVIEW & APPEAL POLICY

A reinstatement process is available to Certificants who miss the deadline for the recertification of their credential. Information concerning the reinstatement process is distributed to Certificants with the Expiration Notice. A Review and Appeal process is available to individuals seeking an amendment of a decision to deny them eligibility to sit for the CPAN or CAPA certification exam, as well as a decision to deny or revoke certification.

Individuals have the right to request a Review and Appeal and information is distributed with the Expiration Notice. The Review Phase is conducted by the Review Committee; the Appeal Phase is conducted by the Appeal Panel. The decision of the Appeal Panel is final.

REVOCATION OF CERTIFICATION DUE TO MISCONDUCT

A Review, Hearing and Appeal Process is available to individuals seeking an amendment of a decision where disciplinary action has been taken and sanctions have been imposed upon their certification status or ability to seek certification/recertification due to misconduct.
Misconduct includes but is not limited to:

- Falsification of any information contained in the certification application.
- Falsification of any information contained in the recertification application.
- Falsification of any information requested by ABPANC.
- Failure to maintain eligibility requirements.
- Failure to pay fees.
- Misrepresentation of certification status.
- Gross or repeated malpractice or negligence.
- Cheating or other irregularities related to the administration of a CPAN® or CAPA® examination.
- Revocation or suspension of RN license and/or restrictions placed on the RN license.
- Failure to maintain the confidentiality of certification examination questions or answer sheets.
- Limitation or sanction imposed by another professional organization relating to professional nursing.
- Unauthorized possession of, use of or access to CPAN®/CAPA® examinations, certificates, wallet identification cards, logos of ABPANC, the terms Certified Post Anesthesia Nurse (CPAN®) and Certified Ambulatory Perianesthesia Nurse (CAPA®) and abbreviations relating to these terms, and any other ABPANC documents and materials.
- Habitual use of alcohol, any drug or any substance, or any physical or mental condition which impairs competent and objective professional performance.
- Failure to report a known violation of ABPANC’s standards, policies or procedures.
- The conviction of a plea of guilty or plea of nolo contendere to a felony or misdemeanor related to nursing. This also includes, but is not limited to, a felony involving rape, sexual abuse of a patient or child, actual or threatened use of a weapon or violence, and the prohibited sale, distribution or use of a controlled substance.

AUDIT OF INFORMATION SUBMITTED

ABPANC reserves the right to audit any or all applications and supporting documentation submitted by certification and recertification candidates. A percentage of examination and recertification applications are randomly selected for audit. If you have been randomly selected for audit, you will be notified in the First Renewal Notice sent to you approximately 120 days prior the expiration of your credential.

Submission of an application indicates your agreement to comply with the terms of the audit process. Documentation requested during the audit process that is not submitted or is unacceptable will result in denial of recertification. Certificants have the right to request the Review and Appeal Process and information about this process will be provided to them.
Recertification Program Overview

LENGTH OF CERTIFICATION PERIOD
Certification is conferred for a period of three years.

Note: ABPANC sends Certificants several "reminders" concerning the recertification process:

1. A "one year out" reminder is sent electronically to all Certificants one year prior to the expiration date.
2. A First Renewal Notice is sent electronically by January 1st for the Spring Cycle and by July 1st for the Fall Cycle.
3. A Second Renewal Notice is sent electronically by March 15th for the Spring Cycle and by September 15th for the Fall Cycle.
4. A "two week out" reminder is sent out electronically by April 15th for the Spring Cycle and by October 15th for the Fall Cycle.

While ABPANC will make efforts to remind Certificants of approaching expiration dates, each Certificant is ultimately responsible for making sure that he/she has met the recertification requirements and submitted a recertification application on time. It is your responsibility to make sure that the mailing address and email address on file with ABPANC is correct at all times. Please add ABPANC to a safe senders list in the email that is linked to your credential, and remember to check both your Spam and Junk folders for recertification reminders.

For all certificants who initially certified in the Spring (April or May), your certification period is from April 1 through 11:59 pm April 30 (3 years later). Contact hours must be accrued during this timeframe. Certification status will expire at 12 midnight on May 1.

For all certificants who initially certified in the Fall (October or November), your certification period is from October 1 through 11:59 pm October 31 (3 years later). Contact hours must be accrued during this timeframe. Certification status will expire at 12 midnight on Nov. 1.

Unless you successfully recertify, your credential expires at the end of three years, at midnight on May 1 or Nov 1.

Those individuals due to recertify must recertify in the recertification period in which they are due. Individuals are not allowed to recertify early unless such a request is approved by the ABPANC CEO.

ELIGIBILITY REQUIREMENTS
In addition to successfully completing one of the two options for recertifying, all individuals seeking recertification must also:

• have a current, unrestricted* registered nurse license in the United States or any of its territories which use the National Council Licensing Examination (NCLEX) as the basis for determining RN licensure.

• have accrued a minimum of 1200 hours of perianesthesia nursing practice as a Registered Nurse during their three year period of certification. Clinical practice hours may be earned as a perianesthesia staff nurse, manager, educator or researcher roles.

Relevant practice is based on patient needs and the amount of time patients spend in the specific phases described by the Perianesthesia Continuum of Care (as defined in ASPAN’s Standards of Perianesthesia Nursing Practice, Perianesthesia Nursing).

Regardless of your role and the setting in which you practice, if you are CPAN® certified and if most of your time is focused on patients in Phase I, you meet the experience requirement to recertify your CPAN® credential. If you are CAPA® certified and if most of your time is focused on patients in the Preanesthesia Phases of Preadmission and/or Day of Surgery, Phase II, and/or Extended Care, you meet the experience requirement to recertify your CAPA® credential.

PLEASE NOTE: The clinical eligibility criteria to recertify as a CPAN® is not interchangeable with the eligibility criteria to recertify as a CAPA® and vice versa. If you are certified as a CPAN®, you must meet the clinical requirement that focuses on patients in Phase I; If you are certified as a CAPA®, you must meet the clinical requirement that focuses on patients in the Phases described in the aforementioned paragraph.

Additional eligibility requirements for recertification may be adopted by ABPANC at its sole discretion. These requirements will be designed to establish, for the purposes of certification, the adequacy of a certificant’s knowledge and experience in caring for perianesthesia patients.

*Unrestricted means that the RN license, issued by a state board of nursing, must not have provisions or conditions that would limit the nurse's practice in any way. It is the responsibility of the exam applicant or CPAN®/CAPA® certified nurse to notify ABPANC when any restrictions are placed on their RN license.
FEES

The recertification fee is due at the time you apply online and must be paid by credit card. ABPANC accepts VISA, MasterCard, American Express, or Discover. No other forms of payment will be accepted.

Please note: Fees are for processing and application review and are not refundable. If you are recertifying by examination, the first two fees noted below are relevant. If you are recertifying through ABPANC’s continual learning program, the Recertification Fee is relevant.

| New Fee Schedule Beginning with Fall 2016 Exam Registration & Recertification Cycle |
|---------------------------------|---------------------------------|---------------------------------|
| ASPAN Member | Non-ASPAN Member | ASPAN Member | Non-ASPAN Member |
| Examination Fee | $314 | $424 | Recertification Fee | $194 | $315 |

*In order to receive the ASPAN member discount, you must already be an ASPAN member and provide a current ASPAN membership number when you apply online for recertification. Your name in the ASPAN database must exactly match the name you enter on the recertification application. If your name has changed, you will need to contact ASPAN to update your membership information before applying for recertification. If you have any questions regarding ASPAN membership, call ASPAN at 1-877-737-9696, email aspan@aspan.org or visit their website at www.aspan.org.

If you pay the non-member fee and subsequently obtain ASPAN membership, you will not be reimbursed for the fee difference. There will be no exceptions. When you enter your ASPAN membership information on the online recertification application, ABPANC immediately verifies with ASPAN that membership is current. If ABPANC is unable to verify ASPAN membership, you will be charged the non-member fee.

OPTIONS FOR RECERTIFYING

Two options are available when seeking recertification: 1) by re-examination or 2) by contact hours through ABPANC’s Continual Learning Program. Only one option may be selected at the time of recertification. It is not permissible to take the examination and then, if unsuccessful, to renew through the Continual Learning Program.

RECERTIFICATION OPTION 1

RE-EXAMINATION

This option requires you to meet the eligibility requirements described in the Eligibility Requirements section of this Handbook and to successfully complete the appropriate certification examination. The CPAN® and CAPA® examinations are administered on computer at hundreds of Prometric testing centers located around the country. Detailed information about the CPAN® and CAPA® examinations is available in the Certification Candidate Handbook, which may be downloaded from the ABPANC website, www.cpancapa.org.

Application Process

To recertify by examination, download a copy of the Certification Candidate Handbook no later than 5 months prior to your certification expiration date. Please read the Handbook carefully and refer to Appendix E for applicable deadline dates. You will need to register online approximately 4 months before your expiration date as stated in Appendix E.
The Continual Learning Program encompasses a wide spectrum of activities that ABPANC believes reflect continual learning. These activities not only lead to enhanced knowledge for the certified perianesthesia nurse but ultimately, to quality patient care.

The Continual Learning Program has several dimensions:
(1) A required number of contact hours – 90;
(2) Direct and Indirect Care categories;
(3) Time frame for earning contact hours; and
(4) Whether this is your first, second or third or more time to recertify.

Number of Contact Hours
You must earn a total of 90 contact hours during your three year certification period. The number of contact hours awarded is based on the commonly accepted educational contact hour of 60 minutes equals one contact hour. Contact hours and Continuing Education Units (CEUs) all measure 60 minutes of actual classroom time. Sixty (60) minutes = 1 contact hour = 0.1 CEU. For example, if you attended an educational program and earned 0.6 CEUs, then 6 contact hours would be awarded for this program.

ABPANC has predetermined the number of contact hours awarded for some continual learning activities such as taking life support classes, teaching, writing, precepting, etc. A description of the types of activities and the number of contact hours awarded for these activities are described in this Handbook. If you are uncertain about how to determine contact hours for a continual learning activity, do not hesitate to contact the ABPANC national office by emailing abpanc@proexam.org or calling 1-800-6ABPANC and press Option 2 for assistance.

Contact hours are not awarded for registration, introductions, breaks, lunch, or clinical time. Contact hours are not awarded by ABPANC for completion of certification examinations offered by other organizations.
Direct and Indirect Care Categories
Two categories of continual learning activities have been identified by ABPANC: Direct Care and Indirect Care.

Direct Care
Direct Care learning activities directly impact perianesthesia patients, their family, and significant others. In other words, Direct Care is about patients and their loved ones. For example, a class, inservice, or home study about ABG Interpretation applies to Direct Care as would writing a policy and procedure dealing with hyperthermia.

Indirect Care
Indirect Care learning activities primarily impact nurses and their ability to deliver perianesthesia nursing care. In other words, Indirect Care is about nurses. For example, a class on Nursing Leadership applies to Indirect Care as would serving on the Education Committee of an ASPAN component.

Examples of learning activities that apply to Direct and Indirect Care are found in Table 1.

Time Frame for Earning Contact Hours
All contact hours must be obtained during your three year certification period. If you passed your initial certification examination in the Spring (April or May), your certification period begins April 1 of the year you first certified and expires at midnight on May 1, three years later. Contact hours must be earned April 1 through 11:59 pm on April 30, three years later.

If you passed your initial certification examination in the Fall (October or November), your certification period begins October 1 of the year you first certified and expires at midnight on November 1, three years later. Contact hours must be earned October 1 through 11:59 pm on October 31, three years later.

First, Second or Third or More Recertification
To successfully recertify, you must earn 90 contact hours during your three year certification period.

The number of contact hours needed in the Direct and Indirect Care categories varies depending on how many times you have recertified, as described below. Regardless of the number of times you have recertified, you may earn all 90 contact hours in Direct Care, if you choose.

In recognition of an individual’s changing learning needs and professional interests over time, you may earn the required contact hours as follows:

First Recertification Period
If you are recertifying for the first time, you must earn a minimum of 60 contact hours in Direct Care. The remaining 30 contact hours may be earned in either Direct or Indirect Care.

Second Recertification Period
If you are recertifying for the second time, you must earn a minimum of 45 contact hours in Direct Care. The remaining 45 contact hours may be earned in either Direct or Indirect Care.

Third or More Recertification Period
If you are recertifying for the third time or more, you must earn a total of 90 contact hours. No minimum is required in Direct Care if you are recertifying for the third or more time.
Keeping Track of Contact Hours

It is your professional responsibility to monitor your own progress since ABPANC does not monitor the number of contact hours you earn.

To facilitate your ability to log and track the contact hours that you earn, ABPANC has created an Electronic Filing Cabinet containing a Continual Learning Documentation Log Form. To access this feature of the Online Recertification System, visit ABPANC’s website at www.cpancapa.org, click on the Recertification Link, and click on the Continual Learning Log and follow the prompts.

All new and existing CPAN®/CAPA® Certificants have already setup a user account in the online system, please log in to your account at the prompt.

You are encouraged to log your continual learning activities as you earn them throughout your three year certification period and keep copies of documentation verifying your participation. If you are selected for audit, when it is time for you to recertify, you will be required to submit a completed Continual Learning Documentation Log form and documentation of participation. The log forms can be printed directly from the online Recertification System. Updating the log form on a regular basis will save you time when you apply for recertification. Verification of Participation forms for the various continual learning activities are found in Appendix A through I of this Handbook and may be copied from this Handbook or downloaded from ABPANC’s website for your convenience.

Notification of Recertification Status

If you have not been selected for audit, you will be notified immediately by email that you have successfully recertified. A wall certificate and wallet identification card will be mailed to the address indicated on your recertification application approximately 2 weeks after the successful processing of your application.

If you have been selected for audit, you will be notified of your recertification status via email approximately four weeks after ABPANC’s receipt of your recertification material. If you have successfully recertified, a wall certificate and wallet identification card will be mailed to the address indicated on your recertification application.

To avoid the possible disruption in any monetary reward granted by your institution for certification, it is strongly recommended that you submit your online application at least 4 weeks prior to your expiration date! This will allow time for audited certificants to mail their documentation and for ABPANC’s review of this information, including contacting the two individuals you identified to verify RN licensure and clinical practice eligibility. Once your recertification material has been received by ABPANC, you are considered certified until otherwise notified.

If an employer requires further verification of certification status during this period, a request for such verification can be made by contacting ABPANC at abpanc@proexam.org. In addition, if your application is not complete and additional documentation is required, you will be notified and must submit this information prior to the stated deadline. This step will lengthen the application review time. Applications are reviewed and processed in date order received.
Online Recertification Process

ONLINE RECERTIFICATION SYSTEM
To recertify, you will need to apply online; paper applications are no longer accepted.

Your online recertification application may be submitted at any time during the “Application Window”. The “Application Window” is the time period during which recertification applications will be accepted.

If you hold both the CPAN® and CAPA® credentials and both are due to be recertified at the same time, you must submit two separate recertification applications.

You will be notified in your First Renewal Notice if you are being audited. If you are due to recertify in the Spring Cycle, your First Renewal Notice will be sent to you in by January 1st; if you are due to recertify in the Fall Cycle, your First Renewal Notice will be sent to you by July 1st. If you do not receive a First Renewal Notice please notify ABPANC at abpanc@proexam.org or call 1-800-6ABPANC and press Option 2.

To apply online, visit ABPANC’s website at www.cpancapa.org, click on the Recertification Link and click Application and Forms and follow the prompts.

You should use the same email address each time you log in to the system. If you do not already have an email address, you can obtain a free email address through Internet sites such as gmail.com, yahoo.com, hotmail.com, etc. If you do not have your own computer, you might ask to use a work computer, a relative’s computer, a friend’s computer, or go to an Internet café or public library.

RECERTIFICATION APPLICATION WINDOWS AND DEADLINES
All recertification applications must be submitted during either the Spring or Fall application window, whichever is applicable. If you are due to recertify in the Spring Cycle, you must submit a completed online application between January 1 and 11:59 pm April 30*. If you are due to recertify in the Fall Cycle, you must submit a completed online application between July 1 and 11:59 pm October 31*.

*If January 1 or July 1 falls on a Saturday, or Sunday, ABPANC reserves the right to change the date to the following Monday to ensure your access to Customer Service if needed.

**No online applications will be accepted after 11:59 pm on the deadline date indicated above. This is an absolute deadline.

Note: If you do not complete an online recertification application prior to the stated deadline, you will receive an Expiration Notice from ABPANC via the USPS. You may then initiate the Reinstatement process or the Review and Appeal process as described in the Expiration Notice.
SUBMITTING AN APPLICATION

Submission of an online recertification application or examination application attests that you have read this Handbook (or Certification Candidate Handbook if recertifying by re-examination) thoroughly and agree to be bound by all policies and procedures described here.

By submitting an application, you are affirming that the information provided on the application and any additional requested documentation is true and that you understand that misconduct such as falsification or misrepresentation of information requested by ABPANC or engaging in unethical behavior during the administration of the CPAN® or CAPA® examination, such as cheating or other irregular behavior, may cause for disciplinary action and sanctions, including but not limited to (1) denial of CPAN® and/or CAPA® certification; (2) revocation of CPAN® and/or CAPA® certification; (3) denial of the opportunity to sit for the CPAN® and/or CAPA® certification examination; and (4) non-release of scores.

Other examples of misconduct are described in the Revocation of Certification Due to Misconduct section of this Handbook. Further, you are granting permission to ABPANC to make inquiries which may be necessary to verify this information. Finally, you are agreeing to abide by the rules and decisions of ABPANC.

The process you will use for submitting a recertification application depends on whether you have been selected for audit, as noted in the First Renewal Notice sent to you 120 days prior to your expiration date. If you are not selected for audit, you will complete the recertification process entirely online.

If you are selected for audit, you will not only complete the online application but you are required to complete the Continual Learning Documentation Log form, and mail copies of materials noted below to ABPANC as described in the section of this Handbook called Submitting an Application Online (For Certificants Being Audited).

Tip: At the time of your recertification, if you complete the Continual Learning Online Log (as a non-Audit), and wish to keep a copy, please print the document for your files before you submit your payment. Once you successfully recertify, the Log is erased so that you can start a new one.

SUBMITTING AN APPLICATION ONLINE (FOR CERTIFICANTS NOT BEING AUDITED)

The following instructions apply only to certificants who have NOT been selected for audit.

Note: When applying online, you will need to have the following information available: (1) Your ABPANC user Account Information (email and password, originally used to set up the online account); (2) your ASPAN membership number (if you wish to receive the ASPAN member fee discount); (3) your RN license number and expiration date; and (4) credit card information.

Please follow the instructions listed below to apply online for CPAN® or CAPA® recertification:

1. Visit www.cpancapa.org and click on the Recertification Tab (found on the home page), scroll down and click on the link. To access this feature and access your account to recertify, click here, and follow the prompts.

2. Please log into your account at the prompt. You should use the same email address each time you log into the system. Do not create more than one account.

3. Complete (or update) the Certificant Profile Information page. If you have a name and/or address change, please refer to the instructions in the Name Change and Address Change section of this Handbook.

4. From the Main Menu page, click on the link next to the option to Submit an Application to recertify either your CPAN® or CAPA® credential.

5. Answer all questions found on the Demographic Questions page.

6. Read the ABPANC Recertification Honor Statement carefully and select "I agree" (if you meet the Eligibility Requirements) in order to submit your recertification application.
7. Complete the Payment Information page.
8. Review the information presented on the Certificant Profile/Payment Information Review page, make any necessary changes, and print the page for your records.
9. Contact Professional Examination Customer Service at 1-800-6ABPANC (622-7262) and press Option 1 if you did not receive a confirmation email acknowledging successful completion of your recertification application within 24 hours of submitting your recertification application.

Note: If you cannot complete or finish your online application for any reason, you can close your browser by clicking on the Logout icon at the top right of the computer screen and come back at a later date to finish the application. The information you previously entered will be retained provided you clicked “next” or “save” before clicking on the Logout icon.

If you encounter any technical difficulty, please contact ABPANC at abpanc@proexam.org, or call 1-800-6ABPANC (622-7262) and press Option 1 for Customer Service. If you have a question about the process of recertification or ABPANC policies and procedures, contact ABPANC at abpanc@proexam.org, or call 1-800-6ABPANC (622-7262) and press Option 2.

You will receive a confirmation email immediately if your recertification application has been approved. Within approximately two weeks, a wallet identification card, wallet certificate, and other information including a sample press release, will be sent to the address provided in your application.

If your recertification application has not been approved, you will receive an email immediately that describes the steps you must take to correct the problem. If you do not correct the problem by the deadline stated in this email, you will not be recertified. A copy of the Review and Appeal Policy and Procedure is distributed with the Expiration Notice at the close of each Recertification Cycle. Request will only be considered if the instructions and the deadline identified in the Review and Appeal Policy and Procedure are followed.

SUBMITTING AN APPLICATION ONLINE (FOR CERTIFICANTS BEING AUDITED)
The following instructions apply only to certificants who have been selected for Audit.

Note: When applying online, you will need to have the following information available: (1) Your ABPANC user Account Information (email and password, originally used to set up the online account); (2) your ASPAN membership number (if you wish to receive the ASPAN member fee discount); (3) your RN license number and expiration date; (4) contact information for two individuals who will be contacted to verify you have met the RN Licensure and Clinical Practice requirements. Verifiers can be your nurse manager (preferred), HR, CPAN® and/or CAPA® nurse colleague, or physician; and (5) credit card information.

If selected for audit, please follow the instructions listed below to apply online for CPAN® or CAPA® recertification:

1. Visit www.cpancapa.org and click on the Recertification Tab, (found on the home page), scroll down and click on the link, To access this feature and access your account to recertify, click here, and follow the prompts.
2. Please log in to your account at the prompt. You should use the same email address each time you log into the system. Do not create more than one account.
3. Update the Certificant Profile Information page. If you have a name and/or address change, please refer to the instructions in the Name Changes and Address Changes section of this Handbook.
4. From the Main Menu page, click on the link next to the option to Submit an Application to recertify either your CPAN® or CAPA® credential.
5. Answer all questions found on the Demographic Questions page.
6. Complete the Clinical Practice Requirement form.
7. Complete the Verification of Eligibility form. It is your responsibility to notify these individuals that you have listed their names and that they may be contacted to verify your eligibility.
8. Complete the Continual Learning Activity Documentation Log form.
9. Complete the Payment Information page.
10. Review the information presented on the Certificant Profile/Payment Information Review page, make any necessary corrections, and print the page for your records.
11. Click the Print button on the main menu page to print the following completed forms for submission to ABPANC:
   a. Certificant Profile Information page
   b. RN Licensure and Clinical Practice Requirement form
   c. Verification of Eligibility form
   d. Continual Learning Activity Documentation Log form
12. Attach copies of documentation verifying each continual learning activity in the order listed on the Continual Learning Activity Documentation Log form.
13. Package the documents in the order listed in steps 11 and 12.
14. Mail the documents using a secure and traceable method (such as USPS Priority or Express Mail, UPS, Federal Express, Certified Mail – Return Receipt Requested) to:

   ABPANC
   475 Riverside Drive, 6th Floor
   New York, NY 10115-0089
   ATTN: Recertification Audit

15. Keep a copy of these documents for your records and retain documentation of how you mailed the material until you are notified of your recertification status.
16. Contact Professional Examination Customer Service at 1-800-6ABPANC (622-7262) and press Option 1 if you did not receive a confirmation email acknowledging successful completion of your online recertification application within 24 hours of submitting your recertification application.

You will be notified of your recertification status via email within approximately four weeks following ABPANC’s receipt of your recertification materials.

Any of the aforementioned documents that are post-marked more than 5 business days after the date you applied online will be returned to you unprocessed and your credential will not be renewed.

If ABPANC determines you have not submitted documentation for all continual learning activities or an individual(s) you named to verify your current RN license and clinical experience is unable to do so, you will be notified by email of the next steps to correct the problem(s). If the problem(s) is (are) not corrected as described in this email, your certification credential will not be renewed. A copy of the Review and Appeal Policy and Procedure is distributed with the Expiration Notice at the close of each Recertification Cycle. Your request will only be considered if the instructions and the deadline identified in that policy are followed.

Note: If you cannot complete or finish your online application for any reason, you can close your browser by clicking on the Logout icon at the top right of the computer screen and come back later to finish the application. The information you previously entered will be retained provided you clicked “next” or “save” before clicking on the Logout icon.

If you encounter any technical difficulty, please contact ABPANC at abpanc@proexam.org, or call 1-800-6ABPANC (622-7262) and press Option 1 for Customer Service.

If you have a question about the process of recertification or ABPANC policies and procedures, contact ABPANC at abpanc@proexam.org, or call 1-800-6ABPANC (622-7262) and press Option 2.

IMPORTANT: Once a credential expires, it cannot be recertified. If you allow your CPAN/CAPA credential to expire, you must sit for the relevant examination again, meeting the eligibility requirements for initial certification. When you register for the examination, do not check Recertification by Examination.
UPDATING CERTIFICANT PROFILE INFORMATION

NAME CHANGES
It is important to notify ABPANC of any name change as soon as possible.

1. Minor changes are considered as incorrect middle name or initial, missing hyphen, and misspellings. Examination candidates who have registered for an examination must notify ProExam of any name changes.
   a. Candidates should email ProExam Customer Service at abpancapp@proexam.org and provide them with the corrections at least ten business days before examination appointment.
   b. For security reasons, name changes cannot be made online by candidates after the application has been submitted.

Certificants should email ABPANC at abpanc@proexam.org and provide them with corrections.

1. ABPANC does not change an individual's legal name simply upon request.
2. The request must be accompanied by supporting documentation that verifies that the new name is the individual's legal name
   a. If there is sensitive information in the supporting documentation that the individual does not wish to share with ABPANC, then that specific information may be redacted.
   b. The information provided will be held in the strictest of confidence by ABPANC staff and will only be used to verify the legal name change.

3. To change one's name because of a legal name change (e.g., marriage, divorce, etc.) the individual must submit a certified copy of the original legal documentation (i.e., marriage license, divorce decree, or other court order) to ABPANC.

   a. Submit by mail using a secure and traceable method (such as USPS Priority or Express mail, UPS, Federal Express, Certified Mail - Return Receipt Requested).
   b. Documentation must be received within the timeframe noted in the Certification Candidate Handbook (if an examination candidate) and the Recertification Handbook (if recertifying).

4. After the name is changed in the ABPANC database the documentation will be returned to the individual who submitted the documentation.

Please allow 10 business days for changes to be updated in the database. If you are unable to submit the documentation within this timeframe, please contact ABPANC a 1-800-6ABPNC and press Option 2 for further assistance.

ADDRESS CHANGES
You can update your address information at any time by going to www.cpancapa.org. Click on either the Recertification Link (found on the home page), scroll down and click to access this feature and access your account to recertify, click here and follow the prompts. Select the option to Update your Certificant Profile Information from the Main Menu. You will need the email address and the password you selected when you created your account in order to make an address change. It is your responsibility to make sure the mailing address and email address on file with ABPANC is correct at all times.
How To Earn Contact Hours

CPAN® AND CAPA® AS CONTINUING EDUCATION STUDENTS

Acceptable Activities
Examples of acceptable activities as a continuing education student include:

• Attendance at formal continuing education offerings
• Attendance at hospital and unit inservices
• Participation in home study or self study programs in professional journals or via computer that grant contact hours
• Life Support Classes

NOTE: Continuing education classes do not need to be formally approved and can be offered by hospitals, professional organizations or independent educational groups. These classes do not need to be approved for CEUs by an approved provider.

Number of Contact Hours Awarded
One (1) contact hour is awarded for each 60 minutes of classroom time. If CEUs are granted by the sponsoring organization, 0.1 CEU equal one (1) contact hour.

Direct Care/Indirect Care Determination
Please refer to the Direct and Indirect Care Categories section of this Handbook for a definition of Direct and Indirect Care. In addition, common examples of continual learning activities and whether they apply to Direct and Indirect Care can be found in Table 1.

ABPANC has predetermined that topics related to ASPAN standards apply to Direct Care and all legal and ethical topics apply to Indirect Care.

Life Support Classes
A maximum of 20 contact hours in Direct Care is awarded for Life Support Classes taken during your three year certification period.

ABPANC has predetermined the number of contact hours that are awarded for attending life support classes.

Regardless of the number of times a class was taken or the number of hours of the class, you will only receive the following number of Contact Hours per course in Direct Care.

- ACLS = 10 Contact Hours
- PALS = 10 Contact Hours
- NALS = 10 Contact Hours
- ACLS Instructor Course = 5 Contact Hours
- BLS Instructor Course = 5 Contact Hours
- BLS-C = 2 Contact Hours

For example, if during your three year certification period you took two ACLS courses, a BLS-C Course and one NALS course, you may apply 10 contact hours for one of the two ACLS courses and 10 contact hours for the NALS course to Direct Care, for a total of 20 contact hours. You would not be able to use the 2 contact hours for the BLS-C Course since you have reached the 20 contact hour maximum. Or, as another example, if you attended a 16 hour ACLS course and a 10 hour PALS course, you would be granted 10 contact hours for each course in Direct Care, for a total of 20 Contact Hours (the maximum allowed). The additional 6 hours of ACLS cannot be used.

REMEMBER: You will only be granted a maximum of 20 contact hours in Direct Care for life support classes taken during your three year certification period.

Documentation Required for Your Records
• Certificates of attendance that include your name, date of attendance, title of program, and contact hours or CEUs awarded, OR
• If you did not receive a certificate of attendance, a Verification of Continuing Education Attendance Form, located in Appendix A, should be used to document attendance at each continuing education class.
• Provider cards issued by the American Heart Association serve to document the completion of Life Support Classes.
CPAN® AND CAPA® AS ACADEMIC STUDENTS

Acceptable Activities
Academic courses offered by accredited colleges or universities that relate to Direct and/or Indirect Care are examples of acceptable activities. Courses required for a nursing major and credits acquired by challenge examinations are acceptable if they relate to Direct Care and/or Indirect Care.

Examples of courses which are NOT acceptable for contact hours include:
• History
• Math
• Art/Music
• English/Writing Courses
• Computer Courses
• Languages (unless related to patient population, i.e., medical Spanish)

Number of Contact Hours Awarded
The number of contact hours that are awarded for academic coursework is calculated as follows:

• In the semester system, one semester unit credit, one semester hour or one credit = 15 Contact Hours.
• In the quarter system, one quarter unit credit, one quarter hour or one credit = 10 Contact Hours.

For example, if you have three (3) semester hours of college credit for an academic course that is an acceptable continual learning activity, you would earn 45 contact hours in either Direct or Indirect Care, as appropriate. If you have four (4) quarter hours of college credit, you would earn 40 contact hours.

Contact hours will only be awarded if a passing grade is granted.

Direct Care/Indirect Care Determination
Direct Care contact hours are awarded for academic courses that relate directly to the care of perianesthesia patients. For example, the following academic courses would be considered Direct Care:
• Physical Assessment
• Pharmacology
• Anatomy and Physiology
• Pathophysiology
• Social/Cultural Anthropology
• Sociology/Psychology
• Medical languages, i.e., Spanish for Healthcare Providers and American Sign Language
• Chemistry/Biology/Microbiology

Indirect Care contact hours are awarded for academic courses that relate directly to perianesthesia nurses. For example, the following academic courses would be considered Indirect Care:
• Healthcare Management
• Business Management
• Research/Statistics
• Nursing Theory

Please note: If the course subject is not identifiable based on the title of the course, i.e., Nurs 310, a course description must be provided.

Documentation Required for Your Records
A formal transcript or grade report which clearly states (1) whether credit is given in semester hours or quarter hours; (2) grade; and (3) date of the course is required as documentation.
CPAN® AND CAPA® AS TEACHERS

Acceptable Activities
These activities encompass the CPAN®'s and CAPA®'s participation as an instructor within a structured framework of teaching/learning. This participation may be as the primary instructor, member of a team, guest lecturer, paper presenter, poster presenter, etc.

Examples of acceptable teaching activities include:
• Presentations/lectures such as inservices, seminars, clinical conferences, patient/family educational programs
• Presentations of original papers or posters
• Teaching life support courses such as BLS, ACLS, NALS, PALS

Number of Contact Hours Awarded
The number of contact hours that are awarded for teaching activities is based on the number of minutes YOU actually teach. Do not include the number of hours a co-instructor(s) has taught when calculating your contact hours. Four (4) contact hours are granted for each 60 minutes of lecture you give. You may earn continual learning credit for repeating the same presentation/lecture during your three year certification period - but only up to two additional repeats. One (1) contact hour is granted for each educational contact hour of the repeated presentation/lecture.

For example, a presentation on Assessing Breath Sounds, lasting 60 minutes, would be granted four (4) contact hours in Direct Care. If the presentation was repeated twice, two (2) additional contact hours (1 contact hour per repeat) would be earned in Direct Care for a total of six (6) contact hours. No further contact hours are earned if the lecture is repeated more than twice during your recertification period.

Direct Care/Indirect Care Determination
Direct Care contact hours are awarded for presentations and lectures that are directly related to perianesthesia patients. Indirect Care contact hours are awarded for presentations and lectures that address perianesthesia nurses.

Teaching Life Support Classes
ABPANC has predetermined the number of contact hours you can be awarded for teaching life support classes such as ACLS, BLS, NALS, PALS.

One (1) contact hour is granted in Direct Care for each 60 minutes of life support that YOU teach up to a maximum of 15 contact hours during your three year certification period. Even if you teach more than 15 hours of life support during your certification period, you will only earn the maximum of 15 contact hours in Direct Care.

For example, teaching eight (8) hours of ACLS earns eight (8) contact hours in Direct Care. Teaching 20 hours of ACLS earns the maximum of 15 contact hours in Direct Care.

Documentation Required for Your Records
A Verification of Presentation/Teaching Activity Form, located in Appendix B, should be used to document each presentation/lecture.

CPAN® AND CAPA® AS AUTHORS

Acceptable Activities
Acceptable activities include authoring items that are published in a book, journal, professional organization’s newsletter, hospital newsletter, etc. In addition, editorial and reviewer activities are also acceptable.

Writing examination questions (items) for the CPAN®/CAPA® examinations also earn contact hours.

Specific acceptable activities for which contact hours can be awarded are listed below in Chart A.

Number of Contact Hours Awarded
ABPANC has predetermined the number of contact hours that are awarded for authorship, co-authorship, editorial, and reviewer activities.

Contact hours for joint authorship are determined by dividing the number of contact hours earned by the number of authors.
See Chart A to determine the number of contact hours that are awarded for authorship, co-authorship, editorial, and reviewer activities.

**Chart A**

</tbody>
</table>

**Direct Care/Indirect Care Determination**

Direct Care contact hours are awarded for authorship activities if the content is directly related to perianesthesia patients. Indirect Care contact hours are awarded for content that addresses perianesthesia nurses.

**Writing CPAN® and/or CAPA® Examination Questions**

For each CPAN® or CAPA® examination question written, two (2) contact hours will be awarded up to a maximum of 60 contact hours during your three-year certification period. **CPAN**’s must write questions for the **CPAN**® examination, and **CAPA**’s must write questions for the **CAPA**® examination.

All questions must be written per ABPANC specifications and submitted per instructions found on the ABPANC website. Writing examination questions is considered Direct Care. To learn how to write examination questions or to submit examination questions, email abpanc@proexam.org indicating your interest in writing items. Include your full name and email address. Once your CPAN® and/or CAPA® status is verified, you will receive an invitation from rtw@proexam.org and further instructions.

**Documentation Required for Your Records**

A Verification of Author Activity Form, located in Appendix C, should be used to document each publication.
**Acceptable Activities**

Quality care activities are activities that define, assist or promote the improvement of patient/family care in the perianesthesia setting. These activities should assist you in maintaining or improving the safety, accuracy, and efficiency of patient care activities.

Activities that facilitate quality care include:
- writing policies (directives), procedures, protocols, standards of care, standardized nursing care plans, flow-sheets, informational aids, evaluation tools
- serving on unit-based and hospital-wide committees

**Number of Contact Hours Awarded**

ABPANC has predetermined the number of contact hours that are awarded for facilitating quality care. Please note that contact hours are awarded based on the type of activity, not the number of hours spent on the activity.

For example, if you spent 14 hours writing three policies, you would receive 6 contact hours (2 for each policy), not 14 contact hours.

A maximum of 9 contact hours may be earned for this activity during your three year certification period.

**Direct Care/Indirect Care Determination**

Direct Care contact hours are awarded if the activity relates specifically to perianesthesia patients. For example, writing a policy regarding use of restraints would apply to Direct Care.

Indirect Care contact hours are awarded if the activity relates to perianesthesia nurses. For example, writing a policy regarding the dress code would apply to Indirect Care.

**Documentation Required for Your Records**

A Verification of Quality Care Activity Form, located in Appendix D, should be used to document each activity.
**CPAN® AND CAPA® AS RESOURCES/LEADERS**

**Acceptable Activities**
- Precepting staff
- Conducting research
- Participating in a national/regional/local professional organization as an officer, committee and/or task force member
- Participating in legislative activities at local, state or national level
- Participating in community activities such as health fairs

**Number of Contact Hours Awarded**
ABPANC has predetermined the number of contact hours that are awarded for serving as a resource/leader in each of the areas listed below.

Please note: Contact hours are not granted for collecting or monitoring quality assurance data within your unit or hospital.

**Precepting Staff**
Five (5) contact hours are awarded for every 80 hours of precepting any unit staff member or student nurse up to a maximum of 15 contact hours during your three year certification period.

Contact hours awarded for precepting apply to Direct Care.

**Conducting Research**
Fifteen (15) contact hours are awarded for a completed research project. The number of contact hours awarded is determined by dividing the number of contact hours by the number of researchers.

**Involvement in a Professional Organization**
Three (3) contact hours per year of service are awarded for serving as an officer, committee and/or task force member. A maximum of 9 contact hours may be earned for this activity during your three year certification period.

**Participating in Legislative Activities**
Three (3) contact hours per year are awarded for participating in any phase of the legislative process at the local, state or national level. A maximum of 9 contact hours may be earned for this activity during your three year certification period.

**Participating in Community Activities**
Three (3) contact hours per year are awarded for participating in community-related health care activities such as health fairs, blood pressure screening, etc. Three (3) contact hours are also awarded for participating in a health care mission, such as Operation Smile. A maximum of 9 contact hours may be earned for this activity during your three year certification period.
Direct Care/Indirect Care Determination

Direct Care contact hours are awarded for resource and leadership activities that directly relate to perianesthesia patients or the public. Indirect Care contact hours are awarded for resource and leadership activities that encompass general nursing practice or health care or impact nurses.

For example, precepting an RN in your unit for at least 80 hours would earn 5 Direct Care Contact Hours. Serving as Treasurer of an ASPAN component would earn 3 Indirect Care Contact Hours. Participating on a task force of the Red Cross to organize a blood drive would earn 3 Direct Care Contact Hours. Participation in community activities and legislative activities may apply to Direct or Indirect Care, depending on the focus of the activity.

Documentation Required for Your Records

Verification of Precepting, Research, Involvement in a Professional Organization, Legislative Activity and Community Service Forms, located in Appendices E through I, respectively, should be used to document these activities.

Checklist for Recertifying Your Credential through the ABPANC Continual Learning Program (Contact Hours)

HAVE YOU:

1. Read the CPAN®/CAPA® Recertification Handbook thoroughly before applying for recertification?

2. Met the eligibility requirements for recertifying as described in the Eligibility Requirements section of the Recertification Handbook?

3. Visited the ABPANC website, www.cpancapa.org and clicked on the Recertification tab, scroll down and click on the link, To access this feature and access your account to recertify, click here?

4. Logged into your online user account?

5. Completed (or updated) the Certificant Profile Information? (Refer to the instructions in the Name Changes and Address Changes section of the Recertification Handbook if you have a name and/or address change.)

6. Selected the option to Submit an Application to Recertify either your CPAN® or CAPA® Credential from the Main Menu page?

7. Answered all questions on the Demographic Question page?

8. Read the ABPANC Recertification Honor Statement carefully and indicated your agreement to the conditions Non-Audited only?

9. Completed the Payment Information page?

10. Reviewed the information on the Certificant Profile/Payment Information Review page, made any necessary changes, and printed the page for your records?

11. Received a confirmation email acknowledging successful completion of your recertification application?

12. Contacted Customer Service at 1-800-6ABPANC (622-7262) and pressed Option 1 if you did not receive a confirmation email within 24 hours of submitting your recertification application?

IN ADDITION TO THE STEPS LISTED ABOVE IN STEPS 1 THROUGH 11, IF YOU ARE BEING AUDITED, HAVE YOU ALSO DONE THE FOLLOWING:

13. Clicked the Print button to print the following completed forms for submission to ABPANC?:
   a. Certificant Profile Information page
   b. Clinical Practice Requirement form
   c. Verification of Eligibility form
   d. Continual Learning Activity Documentation Log form

14. Attached copies of documentation verifying each continual learning activity in the order listed on the Continual Learning Activity Documentation Log form?

15. Packaged the documents in the order listed in steps 13 and 14?

16. Mailed the documents using a secure and traceable method (such as USPS Priority or Express Mail, UPS, Federal Express, Certified Mail – Return Receipt Requested) to:

   ABPANC
   475 Riverside Drive, 6th Floor
   New York, NY 10115-0089
   ATTN: Recertification Audit

17. Kept a copy of these documents for your records and retained documentation of how you mailed the material until you are notified of your recertification status?
